Chapter 1 by Lazer Nebula

The wind whispers in our ears
As we fear someone is near
As the pale morning light grew bright
We shook and shivered with delight
As I sit there heart burning
We still laughed our stomachs churning

We left in the pale moonlight
With the winning sense of something right
We hung up the Phone
With the happiest of tones
Here I stand open wide the door
With darkness awaiting and nothing more

The wind whispers in our ears
As we fear someone is near

Chapter 2 by tiltedgypz

Now with out you, I, will forever roam,
never will I feel, I have a home,
nor will I return to the places, we have been,
where your sweet essence, will fill my thoughts, once again,
I must be moving on, by the rise of a new dawn,
I will be thru those hills, and gone,
traveling on my own, not knowing, what I am wanting,
except to run, from memories ghost, that now come haunting,
remembering your soft skin, and gentle touch,
I miss you, so very much, I feel so alone,
just lost, out here on my own,
with out you here, beside me,
with out your love, to guide me,
there's nothing left, inside me,
only moving in the shadows, that now hide me,
from the reflection I now cast,
no future, a forgotten past, of our life,
I try to put behind me,
tender mercies come to find me,
and the ghost, that fill my memories,
of your love, that will forever, bind me,
